

# VertecBio™ EL Ethyl Lactate

## Features

- **100% bio-based solvent – reduce Greenhouse Gas Impact**
- **Sustainable chemistry – made from renewable resources**
- **100% biodegradable to Carbon dioxide and water**
- **FIFRA 25 (b) listed (EPA listed for unrestricted use on food crops)**
- **FDA approved as a flavor additive**

## Benefits

- **High performance, versatile bio-based solvent for formulating**
- **Precision bio-based cleaning solvent that leaves no residue**
- **Excellent solvency for paints, coatings, and inks**
- **Low vapor pressure and high loading capacity**
- **100% water miscible for dilution at time of use**

## Environment

- **No Global Warming compounds**
- **Not California Proposition 65 listed**
- **No HAP's – No Hazardous Air Pollutants**
- **Not SARA 313 reportable**
- **Please refer to the SDS for safety, health and environmental data**

### TECHNICAL DATA

Flash Point .....133° F ASTM D93 closed cup  
Vapor Pressure.....1.7 mmHg @ 68° F  
pH of Water Dispersion.....4.0  
Specific Gravity.....1.03  
Evaporation Rate.....0.22  
Boiling Point .....309° F  
CAS Nos. ....97-64-3; 687-47-8

**Superior Performance Through Sustainable Technologies!**
