

VertecBio Gold[®] #3EG

Patented Bio-based Solvent Cleaner

Features

- High cleaning power with mild, pleasant odor
- Sustainable chemistry – made from renewable resources
- Low vapor pressure and high loading capacity
- Rinses with water
- 100% Biodegradable to carbon dioxide and water

Benefits

- Effective for parts washing & parts cleaning
- Excellent solvency for paints, coatings and inks
- Cleans oily , materials, adhesives, and inks
- Degreaser for heavy lubes/oils, parts cleaning

Environment

- No global warming compounds
- Not California Proposition 65 Listed
- No HAP's – no Hazardous Air Pollutants
- Not SARA 313 reportable
- 96.5% Biobased content, made from renewable resources

TECHNICAL DATA

Flash Point.....	164 °F ASTM D6450
Vapor Pressure.....	1.0 mmHg @ 68 °F
pH of Water Dispersion.....	4.4
Specific Gravity.....	0.905
Evaporation Rate.....	< 1.0
Vapor Density.....	> 4
Boiling Point.....	300 °F

U.S Patent Nos. 6,096,699 & 6,191,087

Superior Performance Through Sustainable Technologies!
