

VertecBio Gold[®] #4EG

Bio-based solvent

Features

- High cleaning power with mild, pleasant odor
- Sustainable chemistry - made from renewable resources
- Low vapor pressure and high loading capacity

Benefits

- Ideal for formulating heavy duty cleaners, and asphalt release agents
- Excellent degreaser for heavy lubes/oils, and parts cleaning
- Ideal solvent for graffiti and paint removal
- Cleans oily materials, adhesives, and inks

Environment

- 100% biodegradable
- No Global Warming compounds
- Low VOC < 5%
- Flash Point > 200° F
- Not California Proposition 65 listed
- No HAP's - no Hazardous Air Pollutants
- Not SARA 313 reportable
- 96.5% biobased content, made from renewable resources
- Please refer to the SDS for safety, health and environmental data

TECHNICAL DATA

Flash Point.....>200° F ASTM D93, PMCC
Vapor Pressure (mm Hg).....2 mmHg @68° F
pH of Water Dispersion (10% solution)4.3
Specific Gravity @ 25° C0.88
Evaporation Rate.....< 1
Vapor Density.....>1
Boiling Point.....> 572° F (>300° C)

Superior Performance Through Sustainable Technologies!
